Office of the Dewan of Mysore.

NOTE

Dated 8th August *1917*

- Mrs Sly -1,"

It has come to my notice that in some instances proposals for extensio and improvement of towns were carried out without obtaining the approval of Government to the designs It seems desirable that all large town improve ment or extension schemes should be scrutinised by the Sanitary Engineer and duly approved by Government prior to their adoption This should be the general rule but cases in which exemptions would be necessary might be specified

2 If the second Member sees no objection, a circular order may be prepared in consultation with the Public Works Department and submitte within 6 weeks
